OUR COMPANY

History and Background of the Company

It has been a long way with contribution of various factors to the founding and formation of Donresources Tanzania Company Limited. The company has all along formed after a long and wide considerations of several individual works done by the directors in the field of geosciences particularly in the areas of Geology, Mining, Engineering and trading to mention few. It has officially formed and being operational in the year 2020 with its physical address in Nyakato Mwanza Tanzania.

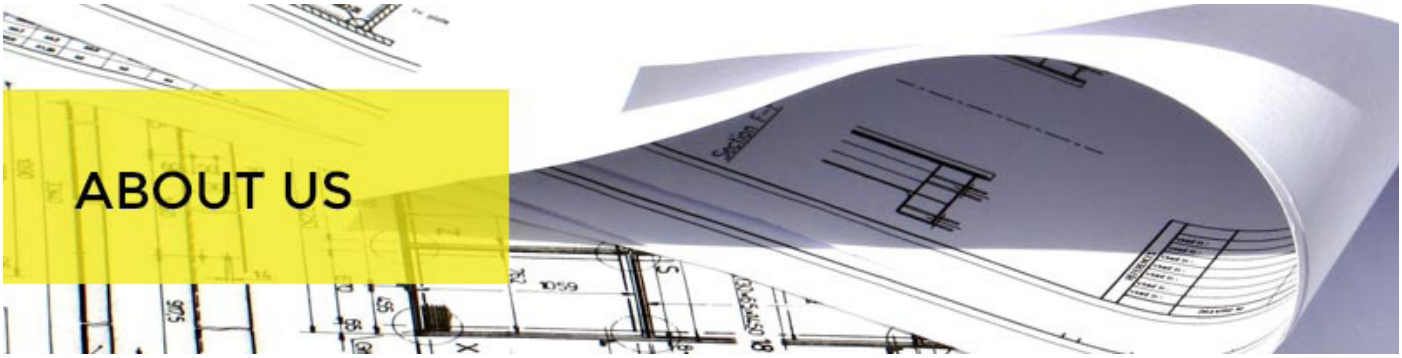

The local transparency and exponential growth of mining sector in particular the small and medium scale section, has driven the reasons to develop a consultancy firm that will sustainably provide technical services to both local and foreign investors.

Donresources Company among its other duties it serves the clients into legal PL, ML, SML and PMLs finding and acquisition; mineral exploration works; all types of drilling works; rocks and industrial minerals exploration and production; environmental assessment related works and mineral trading.

The company has a further primary goal on serving the client on finding and trading of geological, mining and engineering machinery, tools and PPEs.

The company has various departments with a composition of technical personnel of huge experience in their fields. It further welcoming to serve the individuals, institutions, companies, local and foreign investors in the geoscience fields within Tanzania and African continent at large.

About us

DONRESOURCES TANZANIA COMPANY LIMITED is a wholly owned Tanzanian Company with registration number 143607887 of 17th September 2020. The company Tax Identification Number (TIN) is 143-607-887. **Donresources Tanzania Company Limited** providing geoscience technical services to the entire United Republic of Tanzania and the whole African Continent.

We develop plans and marketing our works in a wide ranging fields of **Geology, Mining, Engineering and trading (Machinery, tools and PPEs)** by combining the diverse strengths of our company staff's experience and hard working. One key element found in entire Donresources Company is our ambition and ability on provision of the best results from whatever works we pursued.

We are committed on developing the exploration and mining sectors by the provision of the best data available at a timely manner beyond our customers' expectations; that will always favor the possibility for the natural resources acquisition.

Mission & Vision statements

Our Mission is to provide the high quality mineral exploration and mining data and supply of the best related machinery, tools and PPEs to our clients within Tanzania and the rest of African countries.

Our Vision is to become one of the best and giant geoscience company based in Tanzania that transform human lives through available natural resources in their countries.

Safe working Environment

As we all know our human resources is our greatest asset, we consider safety as our foremost priority. In every section of our practice and is every staff's responsibility to abide to our safety procedures. Our consideration into safety crosscutting to both our workers and the community in which our projects operate.

Integrity and transparent

Our communication is always transparent. We have developed our culture that the entire team regardless of the position interacts freely as far as the subject in place contributing to achieving our company goals.

Accountability

We treat our team members to act like owners of the business. One's mistake or failure is our company's mistake or failure. We learn new ideas and take initiatives to drive changes and make our works better.

Results oriented

It is our strategy and ambition to invest so much skills and energy into our works and services in order to deliver the possible best results we can, in a timely manner to our clients.

Partnership

We encourage truly partnerships and provide our dedications to the fellow partners. We emphasize the practice of transparency and trust to our entire team, stakeholders, local population and respective countries in which we have our operations.

OUR SERVICES

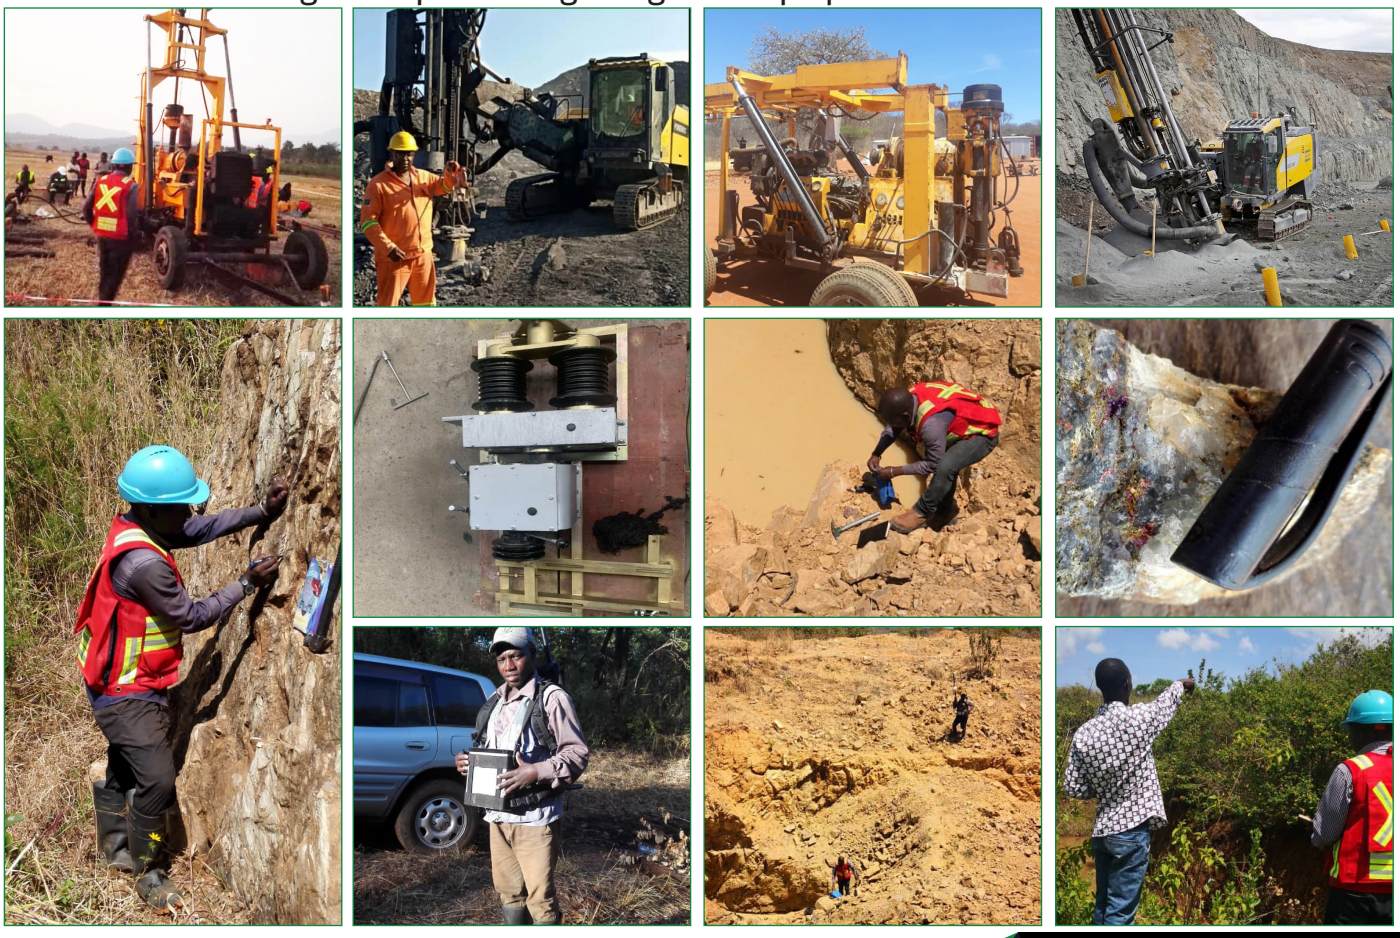

Scope of Services

Our focus is to work with various customers within the United Republic of Tanzania and the rest of African countries. The targeted clients are mainly from geoscience fields including;- Individuals, Public and Private Institutions, Local and Foreign companies as well as Local and Foreign investors.

Donresources Tanzania Company Limited is offering a wide range of geoscience services in the areas of Geology, Mining, Engineering and Trading (Machinery, tools and PPEs).

Geology including;-

- Consultancy on finding and acquisition of JV and Sold mining projects,Prospecting Licence (PL), Mining Licence (ML), Special Mining Licence (SML) and Primary Mining Licence (PML) in Tanzania.
- All types of mineral exploration methods like detailed geological mapping, rock sampling, soil sampling, trenching, drilling programs (diamond, reverse circulations etc) and geophysical surveys.
- Construction rocks and industrial minerals exploration
- Mineral and rock resource estimations
- Technical Geological report and geological maps provision

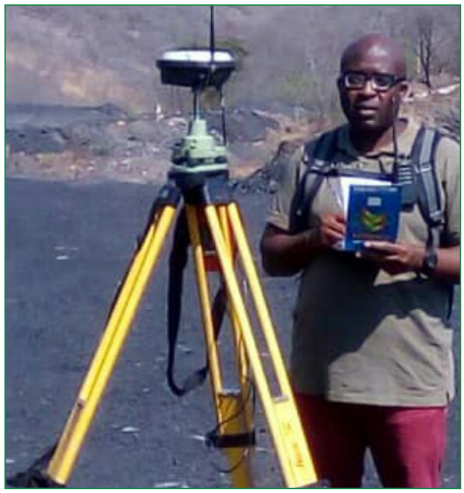

Mining including;-

- Mineral and rock reserve estimations
- Mining site planning and designing
- Mining infrastructures designing
- Production and operation management
- Mining scheduling
- Mining consultation services

Engineering including;-

- Safety and hazard control
- Environmental and Social Impact Assessment
- Machinery, tools and PPEs management and supply
- Field operation equipment services
- Project cost and analysis services

Trading of Machinery, Tools and PPEs including;-

- Supply of exploration tools, equipment and PPEs
- Supply of mining machinery, equipment and PPEs
- Supply of all types of engineering tools, equipment and PPEs

COMPANY
WORKS UNDERTAKEN

S/N	PROJECT NAME	TYPE OF WORK	NAME OF CLIENT	DATE	STATUS
1.	Gold Exploration: Kahama-Shinyanga	Magnetic survey and Induced Polarization Survey	Wilson Mulenda	March, 2026	Ongoing
2	Supply of drilling chemicals	Provision of CR650 and Ezee Cut	Tzau Company Limited	March, 2026	Completed
3	Supply of Rock Sample Saw blade	Provision of rock sample saw blade cutting disc 16"	Matongo Gold Mine Limited	March, 2026	Completed
4	Supply of Exploration Geological tools	Provision of Geological Hammer and Suunto Compass	Anglo De Beers Tanzania Limited	March, 2026	Completed
5	Supply of Exploration Geological tools	Provision of Garmin GPS 65S	Amogtech Mine Services Limited	March, 2026	Completed
6	Supply of Exploration Geological tools	Provision of magnetic pencil and scaled ruler	Matongo Gold Mine Limited	February, 2026	Completed
7	Mineral exploration:	Site visit and reconnaissance survey and Geological mapping or 1 PML	Eon Holdings Limited	January 2026	Completed
8	Supply of Exploration Geological tools and equipment	Provision of all set of tools and equipment required	Eraya Mining Co. Limited	January, 2026	Completed
9	Supply of PPEs	Provision of Safety Hard hats with Company logo	Tanzania Integrated Engineering Solution Co. Ltd	December, 2025	Completed
10	Supply of Exploration Geological Tools	Provision of Garmin GPS, Compass and Geological Hammer	Triton Mining Limited	December, 2025	Completed

COMPANY
WORKS UNDERTAKEN

S/N	PROJECT NAME	TYPE OF WORK	NAME OF CLIENT	DATE	STATUS
11	Supply of Geological Tools	Provision of Suunto compass, Geological Hammer and Geological hand lens	Tanzania Integrated Engineering Solution Co. Ltd	July, 2025	Completed
12	Supply of Exploration Geological Tools and Equipment	Provision of HQ Plastic core trays	Mwamba Mining Limited	June 2025	Completed
13	Supply of Exploration Geological Tools and Equipment	Provision Core blocks and Plastic core trays	Mwamba Mining Limited	May, 2025	Completed
14	Supply of Drilling equipment	Provision of required drilling rig consumable and spare parts	Mwamba Mining Limited	May, 2025	Completed
15	Gold bearing Mineral exploration:	Detailed Geological mapping Sampling, logging and Detailed ground magnetic survey	Godfrey Lang'o Okungu	April, 2025	Completed
16	Supply of Drilling Chemicals	Provision of Drilling chemicals (CR650, Bentonite and Eze Cut)	Mwamba Mining Limited	April, 2025	Completed
17	Supply of exploration Geological tools	Provision of required Garmin GPS 65S	GIL&UC Brothers Investment Ltd	March, 2025	Completed
18	General consultancy services in Tanzania Mining sector	Site visit and reconnaissance survey, mineral exploration, mineral trading, licensing and government stakeholders engagement	Triton Mining Limited (Based Tanzania)	May-December, 2024	Completed
19	Supply of exploration geological tools	Provision of all types of tools e.g. Handheld GPS, geological hammer, compass, scaled rulers, geological lenses, magnetic pencils etc.	Katika Resources Limited (Based Tanzania)	August-October, 2024	Completed

COMPANY
WORKS UNDERTAKEN

S/N	PROJECT NAME	TYPE OF WORK	NAME OF CLIENT	DATE	STATUS
20	Detailed geological mapping and ground magnetic survey for gold prospect exploration in Nzega goldfield	Geological traversing, field mapping, rock and soil sampling, trenching, magnetic survey	Salagi Metal works Limited (Based India)	February, 2024	Completed
21	Graphite exploration in Mtamba Graphitic field Morogoro rural	Detailed self-Potential (SP) geophysical survey with VES resistivity	Synergy Tanzania Company Limited	September, 2023	Completed
22	Supply of exploration and Mining tools	Provision of Handheld GPS Model Garmin GPSMAP 65S	Stamico Mining Corporation	July, 2023	Completed
23	Cassiterite exploration in Syndicate Kyerwa	Detailed Geological mapping, Trenching, Resistivity geophysical survey	Baltic business Group Limited	July, 2023	Completed
24	Wolframite Exploration in Kibanda-Kigorogoro Kyerwa	Detailed geological mapping, Resistivity geophysical survey	Baltic Business Group Limited	July, 2023	Completed
25	Gypsum Exploration in Nondwa Hotel tatu Kilwa	Reconnaissance and Detailed geological mapping	Sheby mix Investment Limited	July, 2023	Completed
26	Cassiterite Exploration in Syndicate Kyerwa	Detailed geological mapping, Resistivity geophysical survey	Baltic business group Limited	July, 2023	Completed
27	Coal exploration in Nangaru Lindi Rural	Detailed geological mapping, Drone geophysical survey	Tanzania Integrated Engineering Solutions	Feb, 2023	Completed
28	Gold exploration in Buziba Nyarugusu-Geita	Detailed geological mapping, Rock&Soil sampling, Trenching & IP geophysical survey	SDK Mineral Trading and Processing Centers	June, 2022	Completed

COMPANY

WORKS UNDERTAKEN

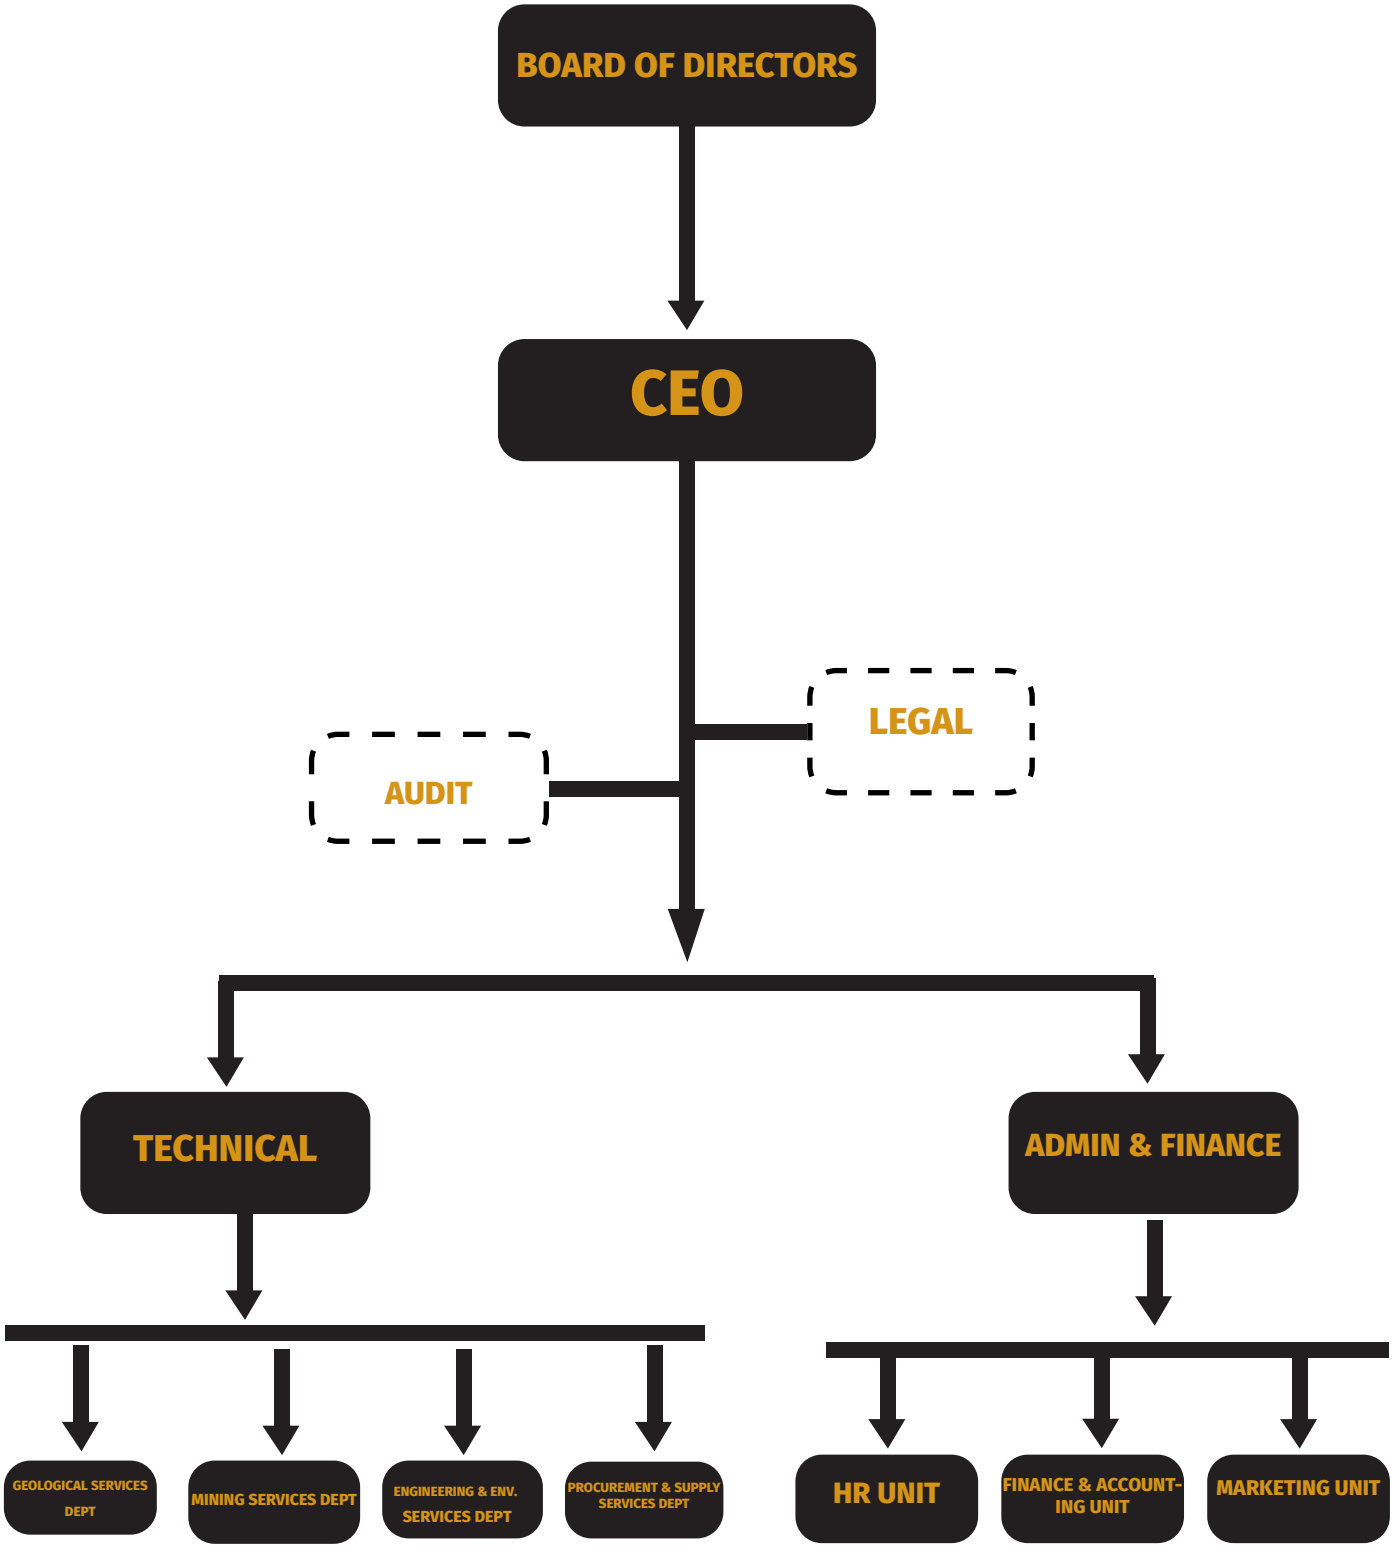

S/N	PROJECT NAME	TYPE OF WORK	NAME OF CLIENT	DATE	STATUS
29	Granite exploration for Quarry development & Management in Usanda Shinyanga rural	Detailed geological mapping, Reverse circulation drilling	Workmate Network Limited	March, 2022	Completed
30	Graphite exploration in Nanjaru Ruangwa	Detailed Geological mapping, rock & soil sampling	Elves Graphite Tanzania Limited	Dec, 2021	Completed
31	Partnership and technical skills acquisition in BR Gold Detectors Company Dubai	Application of BR Gold detectors	Tanzania Artisian Miner	June, 2021	Completed
32	Supply of drilling tools and working PPEs	Provision of all sets of tools and PPEs required	Tanzania Geothermal Development Company	April, 2021	Completed
33	Supply of exploration/mining tools and working PPEs	Provision of all sets of tools and PPEs required	Geita Safety Solutions Company	October-Dec, 2020	Completed
34	Supply of Equipment for Construction/mining works	Provision of two sets of puller tension Machines up to !0 tons working capacity	Echat construction Company	June, 2020	Completed
35	Coal occurrence exploration: Mbamba bay-Nyasa	Diamond drilling and core logging	Azustone Mining Company	August, 2020	Completed
36	Coal occurrence exploration: Litumbandyosi-Mbinga	Geological mapping, Trenching & Rock sampling	Azustone Mining Company	August-September, 2020	Completed

COMPANY

WORKS UNDERTAKEN

S/N	PROJECT NAME	TYPE OF WORK	NAME OF CLIENT	DATE	STATUS
37	Gold, Base metals, Heavy minerals exploration: Kigonsera-Mbinga	Geological mapping, rock sampling, soil sampling & Ground magnetic survey	Azustone Mining Company	July-August, 2020	Completed
38	Copper, base metals, heavy minerals exploration: Ikola-Tanganyika	Geological mapping, Rock sampling & Ground magnetic survey	Azustone Mining Company	June-July, 2020	Completed
39	Gold, Base metals, Heavy Minerals Exploration: Kakese-Mpanda	Geological Mapping, Rock Sampling, Soil Sampling &Ground Magnetic Survey	Azustone Mining Company	April-June, 2020	Completed

Organization Structure

COMPANY KEY STAFF

» Directors

- Mukhusin Rajab Kikulu
- Nuru Hamisi Mcharazo

» Geology Department

- Mukhusin Kikulu - Geology Manager
- Paul Madata - Chief Geologist
- Uwesu Mkumbaru - Project Geologist/ Geomologist
- Hussein Lwazi - Field Geologist
- Thomas Simwinga – Field Geologist
- Tawfiq Namulya – Mineral/Petroleum Geo – technician
- Burton Mhando - Senior Technician

» Mining Department

- Eng. Rashid Mkemai PhD - Chief Mining Engineer (Operations)
- Eng. Gebra Onesphory - Chief Mining Engineer (Planning and Designing)
- Eng. Selemani Msangi-Senior Mining Engineer (Planning, Designing &Operations)
- Eng.Abdililah Ahmed – Planning &Designing
- Yusra Salmin - Project Mining Engineer
- Vitus Laurian Ntahondi - Chief Mine Surveyor
- Eng. Sunday Nzogera - Chief Mineral Processing Engineer
- Eng. Birungi Kironde - Chief Mechanical Engineer

» Environmental Department

- Msofe Nangware PhD - Geologist & Environmental Specialist
- Eng. Eva Lugembe - Project Environmental Engineer
- Adam Renatus- Project Environmental Geologist

» Procurement, Accounts and Finance Department

- Nuru Hamisi Mcharazo - Procurement Manager
- Onesmo Balikule - Chief Accountant
- Evelyne Masuka - Accountant

» Human Resources Management and Marketing

- Diana Mungure – HR Manager
- Lameck Msuya - Marketing Manager

» Legal Department

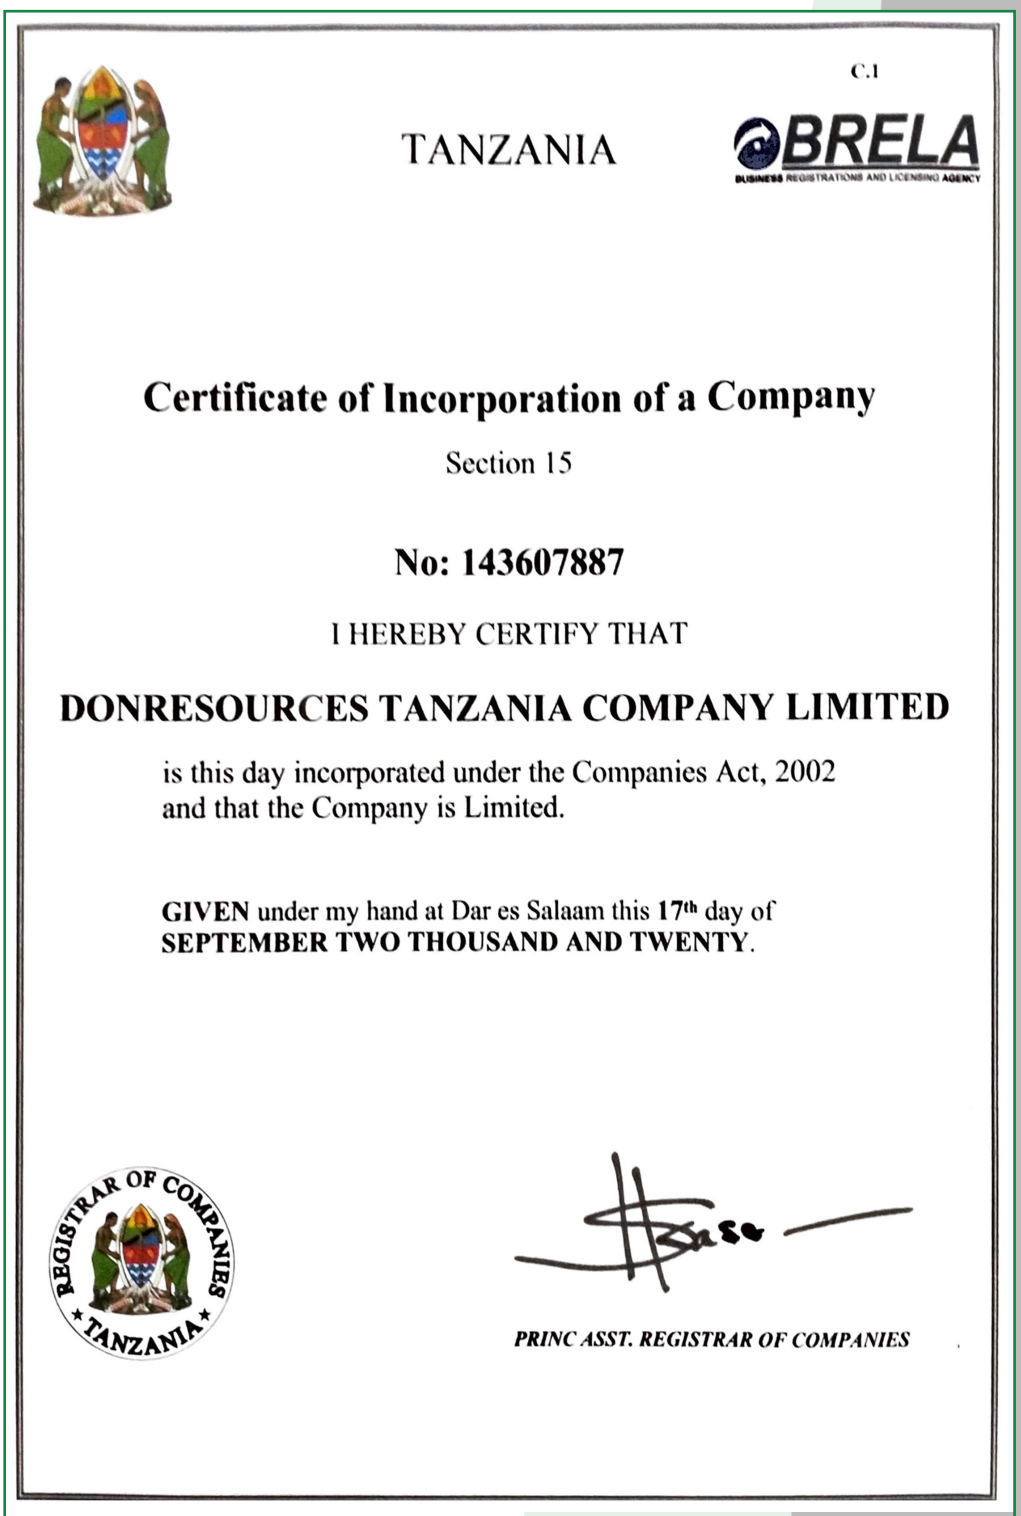

- Suzana Isangi - Lawyer and Primary Court Magistrate
- Nuru Mwambuli - Lawyer and Principal Legal Officer
